Infrastructure University
Kuala Lumpur (2012)

For more than 20 years, IUKL has been providing quality education and excellent professional services in various fields of infrastructure. IUKL being the foremost infrastructure university in Malaysia, aspires to produce technopreneurs and skilled manpower with outstanding communication, technological and managerial skills. The integration of both hard and soft aspects of infrastructure is emphasised in all the programmes that IUKL offers.

Enhanced with up-to-date academic facilities, and tutored by highly qualified lecturers among whom are industry practitioners, IUKL strives to ensure high quality education in the areas of Engineering, Architecture and Business, covering all levels of study from foundation to PhD.

As a subsidiary of Protasco Berhad, a company listed on the Main Board of Bursa Malaysia, IUKL is committed to engineering the future of tomorrow's leaders. IUKL's dedication in providing quality education has helped many students in acquiring the necessary knowledge, skills, and hands-on expertise to become respected practitioners in various fields.

Guided by the University's motto "For Knowledge, For Humanity", IUKL strives to ensure that each student is fully equipped and empowered to meet the demanding industrial requirements by preparing them holistically today. The education that IUKL provides is well-balanced – students will find their minds challenged, their practical skills honed and their social interaction skills enhanced.

IUKL Song

Reach for the Stars

IUKL

Standing tall before the world
With honor with education
Surely, we'll move the world
IUKL, let's chart our destiny
IUKL, for knowledge for humanity

Chorus:

Reach out for the stars
That's our destination
So let our dreams start
IUKL cares
IUKL dares
Go beyond our dreams
Success will be ours forever

* Repeat song once and chorus twice

IUKL Mace

The mace is the symbol of the university's governing authority and power as accorded in the university's constitution. The Convocation Ceremony begins with the entrance of the University Mace, carried by the University Marshal. The mace is carried before the Chancellor and Pro-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. It signifies that the proceedings have official sanction. It is three feet in length and five kilograms in weight.

The Infrastructure University Kuala Lumpur mace is made of sterling silver and the head of the mace is highlighted in gold. Silver is chosen for its elegance and portrays modernity.

The crown of the mace signifying the academic bonnet represents the university's motto – For Knowledge, For Humanity. The head of the mace holds the university's logo in a prime position. The intertwined design of lines on the head signifies the integration of infrastructure knowledge in various fields of study.

The shaft is designed with vertical lines which symbolize the strengths of the university; versatility, integrity, innovativeness and professionalism. It also shows that the university is focused in providing quality education and advanced knowledge.

The logo for the first Infrastructure University in Malaysia; Infrastructure University Kuala Lumpur, is a dynamic image. The logo visualises an open book with pages signifying the various programmes and disciplines that are offered by the university. Viewed from an angle, the pages are constructed into a building that represents the niche of the university: Infrastructure.

The words 'Infrastructure' and 'University' are adjacent to the tower building and the open book respectively to signify our motto: '**For Knowledge, For Humanity**'. The pages also portray wings that soar upwards, an epitome of our belief in embracing transformation for continual improvement.

The colour red symbolises the university's courage, boldness, spiritedness and strength. The words 'Infrastructure University' in black represent clarity and commitment towards the University's vision and mission.

Chancellor's Message

Congratulations on your well-deserved success. Prayers and blessings on your graduation and for your future.

We're here to congratulate you on reaching a significant milestone. Your determination to push forward despite the hurdles posed by the COVID-19 pandemic is admirable. We are extremely proud of your accomplishments. Today will be only the first of many proud, successful moments for you. Always remember, there's no limit to what you can do if you keep believing in yourself.

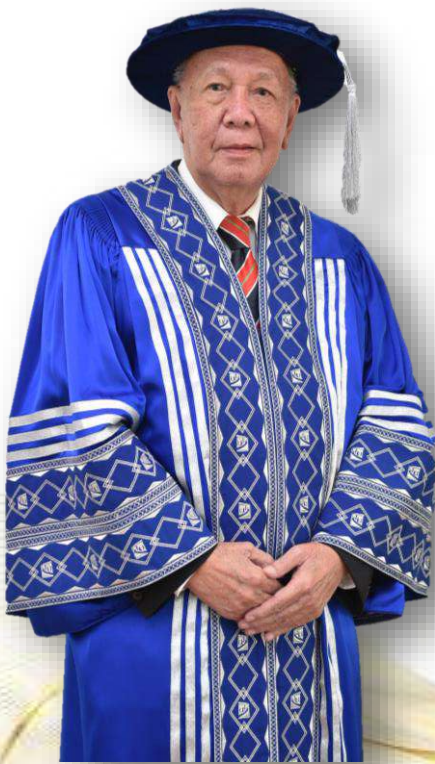

We deeply appreciate your passion and commitment as well as your perseverance in pushing through despite the current pandemic's various socioeconomic cracks. With resilience, courage, and drive, may you be able to achieve all of your goals. I am certain that you possess the qualities and strength necessary to succeed in your chosen areas with honesty and integrity, compassionately address the needs of vulnerable populations in our communities, and serve as role models in our society.

May you continue to improve and make your university and country proud in the years to come.

**YBhg. Tan Sri Datuk Seri
Panglima (Dr.) Aseh Hj. Che Mat**

Pro-Chancellor's Message

**YBhg. Academician Dato' Ir. (Dr.)
Lee Yee Cheong**

Congratulations graduates on this auspicious occasion. This is a day of great joy for you and your loved ones.

"The sea of knowledge knows no boundaries." This phrase reminds me that learning does not begin or end with a university education. All of us here today are swimmers in the sea, on our own continuous journey of learning without boundaries, whether at home or at work, whether paid or unpaid, whether planned or by chance, whether we are graduating today or are here to support those graduates.

You have indeed achieved success today but your success will be measured by your ability to address challenges that you will face in your professional life. To reach the end, sharpen your problem solving skills, nurture an inquiring mind, be a good team player and develop a positive attitude and above all, be a caring human being.

Congratulations and I wish you the best of luck.

Message by the Chairman of IUKL Board of Governors

Congratulations Infrastructure University Kuala Lumpur (IUKL) graduates!

You and your fellow graduates are very special. The global pandemic has affected your life but not your dreams. You have continued to respond with grace, grit and resiliency.

The degree you will be receiving represents not only your mastery of the body of knowledge, but it is also a testament to your ambition and determination in where you want to be in life.

Looking back, I am truly proud and grateful to see how IUKL has transformed from its earlier days and establishing the education wing under Protasco Berhad was one of the best decisions I have made. I hope you are also proud to become an alumni of IUKL.

Good luck in your future ventures and seize opportunities when they arise.

YBhg. Dato' Sri Ir. Chong Ket Pen

Foreword by President & Vice-Chancellor

**YBhg. Professor Dato' Dr.
Noor Inayah Ya'akub**

I extend my warmest congratulations to the 2021 to 2022 IUKL graduates on your hard work and dedication towards your studies, which culminated in your graduation.

You have reached an important point in the pursuit of higher education, knowledge and skills that will prepare you for the journey ahead. The world is constantly changing and the recognition of your hard work awarded today will make your personal academic achievements the foundation for your career and move you towards your own goals.

As an IUKL student, you have been exposed to a variety of academic and social backgrounds. This lesson will give you strength in the next chapter of society. The pandemic has also shown that both collective and individual responsibility are critical factors in our success. The trials of the pandemic have made it very clear how important it is to reach out to each other, support each other, and show kindness and humanity in everything we do. As you venture into the world, you too will have to ponder on your life contribution and the world you want to live in.

As we bid our farewells, we do so with great pride, knowing that your future success and continued prosperity will always be ours too for every student that walks through our doors is equally important, and we trust and know that you will keep IUKL flying high.

I wish each of you great success in the road ahead.

Message by the Executive Director of Ikram Education

Congratulations Graduating Class of 2021 & 2022.

I believe for many of you, holding the degree in your hands is a long-awaited journey. The past few years have been rough but here you are today, celebrating your triumphs, achievements, victories and journey into your desired pathways. Whichever path you take, make it a memorable one and please remember all the support given by your families, friends and us here at IUKL.

Graduation marks the end of yet another extraordinary chapter in our lives. With this chapter closed, I am sure many of you are anxious to start and move on to the next phase in life. Life is about exploration and growth, take your time and continuously push yourself to greater heights.

I hope you will always remember the relationships you formed during your studies at IUKL as everyone enters our lives with a purpose. Please take all the good memories you had with IUKL into the next chapter of your life. Please stay in touch and connect with our Alumni Society.

Till then, congratulations and yes, "the tassel was worth the hassle."

Chancellor's Award

Tammy Loh Yuen Teng

Bachelor of Science (Honours) in Logistics and Supply Chain Management (CGPA: 3.930)

Tammy aspires to be a certified logistician and become a powerful business woman. She chose to study at IUKL as it is one of the top universities offering Logistics and Supply Chain Management course taught by academicians who are industry experts.

She was the Public Relations Executive of the IUKL Student Representative Council member for 2020/2021. She has acquired in-depth leadership experiences focusing primarily on improving student integration and the quality of virtual learning for students, co-organize events together with other universities, and voiced the students' feedback on various issues to the management for improvement. Tammy and her team had won Champion in the National Students' Leadership Conference 2020 organized by the Higher Education Malaysia Association. Her active participations in extracurricular activities also included her role as the IUKL Chinese Society secretary, and Head of Public Relations of IUKL Career Talk Series to name a few. She was also one of those who were selected as the GRADUAN Ambassador 2021 for campuses and universities.

Collaborations and fund raisings have been carried out by Tammy particularly in developing services and networks that empower refugees and their rights in Malaysia, including support for emergency relief and aid, education programmes, case management and policy development. Fund raises were also carried out for Animal Welfare Association.

She previously managed to get all the 10 companies she applied for internship to accept her application. A few of the companies were listed in the Fortune 500 companies and Top 100 Chinese Private Enterprises in China.

She is currently working as a Personal Assistant to the Chairman of YUNDA Group of Companies and Covenant Group of Companies, and is the Executive Assistant to the Board of Directors to handle legal matters in managing all aspects of the corporate legal practice. Tammy wishes to express her greatest gratitude towards her supportive parents as they inspired her by instilling a strong passion for learning and helped her to achieve great success.

ABOUT THE CHANCELLOR'S AWARD

The recipient is selected from among the best students with a CGPA of 3.75 and above. The award recognizes excellence in academic performance, leadership qualities and active involvement in co-curricular activities.

19th CONVOCATION

~ 20 ~

Vice-Chancellor's Award

BA Awain Ali Mohsin Salim
Doctor of Philosophy in Business Administration

BA Awain Ali comes from Salalah, Oman. Despite struggling with time management during his PhD, he was actively involved in extra-curricular activities such as in sports, arts and educational clubs, and extensively in community service. He was also an active member of the Omani Students Association in Malaysia.

Ali is currently a lecturer teaching Logistic and Management at Dhofar University, Sultanate of Oman. He is also the Director of Centre for Entrepreneurship.

Muawiya Hassan Nasiha
Master of Civil Engineering

After taking a 4-year Bachelor of Civil Engineering with Honours course at IUKL, Muawiya chose to pursue his Master's studies in IUKL because of the university's strength in engineering courses and recognitions, architectural triumph, affordable fees, tuition fee waiver, and strategic location. Muawiya resides in Abuja, Nigeria with his family and works in a government house in Sokoto State where he works on engineering designs, construction and maintenance of the state's 2 flyover bridges. His father was the first member of his family to study at IUKL.

He thanks the engineering faculty of IUKL and lecturers who helped him realise that engineers do not usually design things to fail; rather, they build them to withstand the daily challenges they will face in order to remain strong.

ABOUT THE VICE-CHANCELLOR'S AWARD

This award is given to students who have best demonstrated outstanding achievements in student activities, community service as well as performing academically.

Vice-Chancellor's Award

Amirul Akmal Mohamad Noh

Bachelor of Science (Honours) in Logistics and Supply Chain Management (CGPA: 3.926)

Amirul is thankful for the friendship and for the 4 years at IUKL that helped kickstart his career in the world of procurement, and quotes, "A journey of a thousand miles begins with a single step." Due to the COVID-19 pandemic, there were times where he'd struggle with online classes but this did not deter him from achieving a high CGPA and be actively involved in the university's activities. He was a member of the Faculty Representative Council and organized events such as Power of Knowledge, Career Talk Series as well as a PUBG Tournament. His family is his number one motivation to do well in his studies and obtain the tuition fee waiver every semester.

Tan Vincent

Bachelor of Civil Engineering with Honours (CGPA: 3.780)

Tan was the third person in his family to pursue tertiary education at IUKL as it is one of the reputable private universities that caught his interest to pursue Civil Engineering. He has been actively involved with St. John Ambulance Malaysia in community service activities since 2016 which also includes special programmes such as Flood Relief Operation and the Food Distribution Programme during the peak COVID-19 period that just shows his passion and dedication to the society. He expresses his gratitude and appreciation to his family, friends and lecturers for the support and motivation they have given throughout his study journey in IUKL.

Nadia Nazurah Mohd Fadzil

Diploma in English for Professional Communication (CGPA: 3.950)

Nadia goes against all odds despite her visual impairment and has achieved the best in her education. She received financial aid from Yayasan Sime Darby's Bursary Programme for special needs students in IUKL. For her, it was a breath of fresh air to be able to work together with local and international students by exchanging ideas, cultures and skills.

She was a committee member for the Scrabble Competition in 2020, and took part in the #WECARE4U Programme under Yayasan Sime Darby Bursary Scholars. Nadia is very grateful to have her parents and sister as her biggest supporters including IUKL lecturers particularly Dr. Suraya binti Amirrudin who went out of her way to understand, support and guide her. She is also thankful towards IUKL for catering towards her academic needs.

ABOUT THE VICE-CHANCELLOR'S AWARD

This award is given to students who have best demonstrated outstanding achievements in student activities, community service as well as performing academically.

Best PhD Supervisor Award

Dr. Mohd Dan is an Associate Professor at the Faculty of Business, Information, and Human Sciences of IUKL. Previously, he was an Associate Professor at the School of Economics, Finance and Banking of Universiti Utara Malaysia (UUM). At UUM, he successfully supervised thesis writing for six Masters students as well as six PhD candidates. Associate Professor Dr. Mohd Dan was the external examiner for Masters and PhD candidates locally and as well as abroad.

He obtained his PhD from the Northern Illinois University at DeKalb, Illinois, USA in 2001, majoring in Urban and Regional Economics. His research areas of interest are applied economics, finance and management. He has published many research papers in local and international journals.

At IUKL, one student has completed his PhD under Associate Professor Dr. Mohd Dan's supervision and two other students are doing post viva correction of their theses. There are eight students actively writing their thesis at various stages of progress.

Supervision of postgraduate students is not an easy task but Associate Professor Dr. Mohd Dan enjoys seeing his students make progress in their thesis writing. A part of PhD writing is creating new knowledge. This new knowledge could be producing new theories, new product or a new method of creating existing products. In other words, a PhD candidate is part of the chain of new knowledge creation. As a supervisor, we also gain new knowledge as a result of the work of our students. That motivates Associate Professor Dr. Mohd Dan to keep supervising Masters and PhD students at IUKL. According to him, the sweetest moment in his career as an academician is when his students successfully defends their thesis.

**Assoc. Prof. Dr. Mohd Dan
