# IUKL Logo

The logo for the first Infrastructure University in Malaysia; Infrastructure University Kuala Lumpur, is a dynamic image. The logo visualises an open book with pages signifying the various programmes and disciplines that are offered by the university. Viewed from an angle, the pages are constructed into a building that represents the niche of the university: Infrastructure.

The words 'Infrastructure' and 'University' are adjacent to the tower building and the open book respectively to signify our motto: **'For Knowledge, For Humanity'**. The pages also portray wings that soar upwards, an epitome of our belief in embracing transformation for continual improvement.

The colour red symbolises the university's courage, boldness, spiritedness and strength. The words 'Infrastructure University' in black represent clarity and commitment towards the University's vision and mission.

# IUKL *Mace*

The mace is the symbol of the university's governing authority and power as accorded in the university's constitution. The Convocation Ceremony begins with the entrance of the University Mace, carried by the University Marshal. The mace is carried before the Chancellor and Pro-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. It signifies that the proceedings have official sanction. It is three feet in length and five kilograms in weight. The Infrastructure University Kuala Lumpur mace is made of sterling silver and the head of the mace is highlighted in gold. Silver is chosen for its elegance and portrays modernity.

The crown of the mace signifying the academic bonnet represents the university's motto – For Knowledge, For Humanity. The head of the mace holds the university's logo in a prime position. The intertwined design of lines on the head signifies the integration of infrastructure knowledge in various fields of study.

The shaft is designed with vertical lines which symbolize the strengths of the university; versatility, integrity, innovativeness and professionalism. It also shows that the university is focused in providing quality education and advanced knowledge.
